

Dear Friends,

I am contacting you with even better news this time - our project got a very high score and the **BEST PRACTICE** recognition! Congratulations, dear friends! We did it - again! 🥳🥳

I would like to thank you all for all your work, devotion and cooperation. We proved to be a great team again!

Working with you is always such a great pleasure. Thank you for the trust, the kindness, and the joy you brought into our cooperation. First of all, thank you for your great friendship and all the wonderful moments spent together.

I am very grateful to all of you, in Portugal, Finland and Denmark, as all of you brought a lot to the creation, implementation and finalization of the project. THANK YOU! ❤️❤️

I would also like to emphasize that Kasia has been such a great support to me, the whole project, and without her, I would still be working on the Final Report 🥰🥰 Thank you, Katka! 🥰❤️

Please find attached, the assessment document. It is in Polish but you can easily translate it online if you are curious about the details.

Love you all ❤️

Bogusia
